

Process Engineering S.R.L & Pall Austria Filter Ges.m.b.h. have the pleasure to invite you at the 2009 Pall Seminar

NEW FILTER MEDIA USED FOR THE STERILE FILTRATION

Seminar Presentation

The latest developments in the field of Pharmaceutical industry will be presented by providing engineering consulting and also a lot of experience. It will be a participative forum devoted to interactive, issues-driven discussion and shared learning. Feedback is solicited from participants in advance regarding key issues/topics to ensure value-adding and informative discussions. The meeting will take place **on 19th of November 2009 at City Plaza Hotel – Cluj Napoca, on the conference room "Venezia"**.

19th of November 2009

- 8.45 - 9.00 Registration
- 9.00 - 9.15 **Pall Corporation** – Company Introduction
- 9.15 - 10.15 Increasing Productivity With New Generation of Sterilizing Grade Filters
- 10.15 - 10.45 Coffee break
- 10.45 - 11.45 **Validation of the Sterile Filtration of Liquids** –
Historical Developments & Regulatory Requirements
- 11.45 - 12.45 **Validation of the Sterile Filtration of Liquids** –
Practical Considerations Based On The PDA Technical Report 26
- 12.45 - 13.45 Lunch
- 13.45 - 15.00 **Filter Integrity Testing** – Industry Requirements & Key Features of FFS04
- 15.00 - 15.30 Afternoon Coffee break
- 15.30 – 16.00 **Demonstration of New Palltronic Flowstar FFS04**
- 16.00 – 16.30 **Final Discussion**

Enjoy

All presentations will be done in English language by **Mr. Wolfgang Schröder** – Marketing Manager and **Mr. Dr. Günter Robisch** – Deputy Manager Scientific & Laboratory Service. Upon request Process Engineering team could assist you during the seminar all necessary support concerning the translation between you and presenters.

This seminar is offered free of charge to all **Pall & Process Engineering** customers, in order to give everyone the opportunity to discuss about the seminar topics, in a relaxing atmosphere.

Please kindly let us know as soon as possible your confirmation participation at this seminar, but not later than **10th of November**.

Hopping you will find the topics above as being very attractive and interesting for you or your company, we will be pleased to welcome yourself as part of the attendees.
